Senior History

The first day at school is always remembered by both the boys and girls. The day started as usual for the first grader. We were then Velna Nickrent, Ardeth Kinsell, Carl Williams, Jr., Donald Tipsord, Robert Porter, and James Johnson.

During the third grade Russell VanScoyoc joined, but left again during the fifth. Margaret Hale thought she'd see through from the third grade. Leslie Campbell started with us during our sixth year, and Eugene Reynolds during the fourth, and that, dear readers, was our little class through grade school.

That summer was exciting for us; because we were looking forward toward our first year at S. C. H. S. During the first day we met more freshmen; Twinkle Campbell, Darrell Cozad, Clarence Kammerman, Robert Kirkpatrick, and our dear friend from the third—Russell VanScoyoc.

It certainly wasn't long until we found out the upperclassmen initiated us any time by setting us on fountains, smearing our faces with lipstick, and pounding us until we were black and blue. We thought it was quite gruesome, but now even we enjoy initiating the freshmen.

The officers were elected, and that was new, too. Mr. Martin, our principal, was our class advisor. President, Don Tipsord; Vice-President, Ardeth Kinsell; and Secretary-Treasurer, Velna Nickrent. That year we started our famous pot-luck supper, and the boys entertained the girls with tumbling acts.

During the second six weeks, Buellah VanNote joined these noted Freshmen.

Eugene Reynolds and Leslie Campbell both left for the army. Since that, both have been honorably discharged.

The Sophomore year we were really getting acquainted, but the first semester Mr. Martin left us. We finished the year with Mr. Spires. This year our president was Twinkle Campbell, vice-president, Don Tipsord; and the secretary-treasurer, Robert Kirkpatrick. We really kept our eyes on the Juniors because we wanted to see what fun we would have the next year.

During the Junior year, we had the usual group, but Mr. Barton was our principal. Our class advisor was Mrs. Barton. She left us in the second semester, and Mr. Poole then helped us.

The class rings were ordered soon after we entered the Junior, and they arrived before Christmas vacation. Then we really began to feel proud.

Instead of the usual Junior play, we had a carnival, October 26, 1945. A great success, we made more than three hundred dollars. When the day ended we were very tired, but proud of our achievement.

Ardeth Kinsell was queen and Loren Bane was king. They were crowned at the homecoming basketball game with Colfax. Delmar Tipsord, captain of the basketball team, crowned them.

During this time, Robert Kirkpatrick left our school to help his father on the farm.

Gee! The Junior year was really a busy one. The banquet was held in the auditorium with the board members, faculty members, and the Juniors and Seniors present.

The auditorium was decorated with the theme of a "rainbow". Stars were hung from the ceiling for dancing on the north side of the floor. A huge rainbow

was hung over our heads in a long arch across the south side of the auditorium. The six tables each had a center piece of red, white, and pink carnations. We were entertained by Margaret Hale singing "Over the Rainbow" and Lena Bea Grant singing "I'm Always Chasing Rainbows". The menu, place cards, and napkins had S. C. H. S. stamped in gold on them. The girls had souvenirs of a silver horse shoe, and the boys received a sword. They were tied with blue, pink, and white ribbons.

This year our president was Darrell Cozad; vice-president, Ardeth Kinsell; secretary-treasurer, Velna Nickrent.

We all passed to our Senior year, and this time we started with Mr. Anderson, our principal, and Miss Sutter, our advisor. The President was Russell VanScoyoc; Vice-President, Donald Tipsord; Secretary, Velna Nickrent; and Treasurer, Clarence Kammermann.

We had our first weiner roast on September 25, and that was a real affair. We played all kinds of different games. Oh! Yes! we had the most delicious water-melons. Wonder why they tasted so good, don't you, Mr. Thom?

November 7, we had our pictures taken at Corrine's Photo Shop in Bloomington. The proofs came the 18th, and everybody was very happy. Then after our vacation started our pictures arrived on December 21, and I imagine a great many people received pictures for Christmas presents.

We selected our invitations. As usual the whole class cooperated, and everyone was satisfied.

The class play, "Almost Summer", was ordered. It is a comedy about a boy named Paul graduating from high school. He doesn't have high enough average to go to college, and one thing happens after another. This play was presented April 24, 1947.

February 17, we had a pot-luck supper. The teachers were invited. We played volley ball until 9:00 o'clock, and then we all went around to see Ardeth Kinsell who had the mumps.

Velna Nickrent left our class in January to become Mrs. John Adcock.

Our caps and gowns have been ordered. They are to be black with a white and red tassel on the cap. Long we have waited to wear these, and now the time is close. It seems practically impossible but even so, everyone is extremely happy.

Now, we must leave you forever. Never again will we appear in the "Totem". Each of us have the thought of what is to come next in life. Whatever fate holds in store for us, may it be good.

We hate to leave you dear, old S. C. H. S.; but the time is here, so goodbye; and we'll never forget our happy moments nor our sad and sorrowful moments spent within your walls. In addition we will not forget our classmates, teachers, and the rest of the students. We now say adieu to you dear old high. (And so we pass out—Smiling!)

CLASS MOTTO: To act, that each tomorrow may find us farther than today.

CLASS COLORS: Red and Silver.

Class Will

We, the Senior Class of nineteen hundred and forty seven, of Saybrook Community High School, Village of Saybrook, County of McLean, State of Illinois, being of sound minds, well crammed heads, and a super human memory that was never known to fail, do make, publish, and declare this to be our last will and testament.

FIRST: We give, devise and bequeath to our beloved teachers all surplus knowledge and excess ability; many new things have been furnished them at various times in examination papers. And we do hereby authorize the faculty to equally divide and distribute the said means to all underclassmen so that they may follow our precedent forever.

SECOND: To the Junior class we give, devise, and bequeath our seats in the assembly room with our dignity, and ask that it may be upheld with all seriousness and gravity in spite of their lightmindness and irresponsibility. If accidentally we leave any erasers, pencils, or other equipment, we give them to whomever can get them in the mad scramble of the underclassmen. In some mysterious way these articles may impart some of the great wisdom we have absorbed in this institution of learning.

THIRD:

I, CLARENCE KAMMERMANN, do hereby will, devise, and bequeath to:

LORRAINE KAMMERMANN, my truck so she can come to school and go home after school when she pleases.

DON GIBBENS, my ability to stay out of the way of milk bottles wielded by younger brothers.

ROBERTA SCHERTZ, my room in the boarding house so that the old bachelor will have some care.

GAYLE BANE, my ability to buy a gallon of gas without griping.

BERNADINE MOREFIELD, my ability to stay thin.

Senior Prophecies

MARGARET HALE

Well, here it is the year 1967 and I am in the small town of Marshfield, Virginia. While standing on the corner of Main Street, whom should I meet but one of my old classmates, Margaret Hale. She asked me to go home with her and meet her husband and family.

After being married four other times, Margaret had finally married her old high school flame, Wayne Corrie. They have four children (two boys and two girls) and are very happy.

About 1:00 o'clock a. m., having eaten a very good dinner and having had a long, friendly chat, I left Margaret's because I had several other people to visit before my vacation was up.

DON TIPSORD

In the year of 1952, while on a Biological Survey in lower Africa, I was hunting in the Ubangi territory for a rare flower (the purchal orchid) to be used for medical purposes.

One day we came upon a village of Ubangi bushmen and asked to see their king. That afternoon they took us to him and here it was Don Tipsord, an old classmate of mine.

He told me that after leaving high school he married Ardeth Kinsell, but her constant nagging drove him to leave and somehow he wound up in Africa.

It was getting dark so I took my leave and left Don to dream of the happy life he left behind.

By Jim Johnson

JAMES JOHNSON

In the year of 1959, I was in New York on a tour with Guy Lombardo and his orchestra as a singer. Walking into a cafe one day I bumped into Jim Johnson, one of my classmates of 1947. We went to a booth and Jim told me what he had been doing since he graduated.

He told me that after graduation he left Saybrook and went to Chicago to get a job. Since most jobs now call for skilled labor, he attended college there and then became a piano tuner. He was married to Mary Ann Wills for two years then she quit him and married Dwane Pruitt. He then married Ardeth Kinsell, but she left him to marry Don Tipsord. Boy, what a life!

Well, time sure passed so I said Good-bye and wished Jim good-luck with his piano tuning.

By Margaret Hale

DARRELL COZAD

In the year 1958, I decided it would be most interesting to spend my entire annual vacation in California. This way I would have several days in which to visit M. G. M. studios.

The very next day I went to the studio, and they were filming a new picture, "Love Them and Leave Them". Shirley Temple and Dan Cozad had the leading parts. This picture was really a romance—and Dan Cozad, believe it or not was none other than my old classmate, Darrell Cozad, the shy, bashful boy! Look at him now—boy, what a lover.

Between sets I walked over and sat down next to Darrell. He recognized me at once and told me of his career. He said, "I have been at it ever since the night we put on the senior play, "Almost Summer", back in dear old S. C. H. S. I had many offers for contracts, but I signed with M. G. M. because I love to hear the lion roar. There is only one thing wrong with this life. It is the romantic scenes they make me do, and it just kills me to kiss a woman!..

Just then the director shouted, "Camera! Lights! Action!", and Darrell went into another clinch with Shirley Temple. A what? Oh, that's just a movie kiss.

By Twinkle Campbell

CLARENCE KAMMERMANN

Here it is the merry, merry month of May in the year 1960, and whom shall I meet in Bloomington, Illinois but Clarence Kammermann, my old classmate of S. S. H. S. We went into Walgreens, ordered a coke with two straws, and he told me the following story of his life:

"After finishing school, I farmed for two years. I had been seeing quite a bit of Dorothy Young until one day while out hiking I heard a call for help over at the pond. The drowning girl was Ardeth Kinsell. I quickly stripped off my shirt, jumped in, and swam with her in my arms to safety. To repay me, Ardeth got me a job as mayor of Saybrook. Finally we were married by Carl Williams, justice of the peace, but Ardeth saw Don Tipsord and a few days later, she and Don were married. After that I married Marjorie Koopman, my sister's old friend. We are now living on a chicken farm with our four sets of twins. They are all so-o-o-o handsome. They look just like me.

Well, I left satisfied with my invitation to the big party that Kammermann's and Tipsord's were planning.

By Buellah VanNote

TWINKLE CAMPBELL

One weekend I returned from my job in the picturesque city of New Orleans to find that Saybrook had undergone some very drastic changes. No more was it the drab little village I knew, but a thriving, up and coming, social center.

While waiting for my parents to come for me, I bought a copy of the Saybrook Sun, edited by James Johnson, a former classmate. Turning to the Society page, the headlines, "Twyla Bruehl," Leading Socialite, Entertains Geneva A. Harper, president of the University of Illinois," left me thunderstruck.

As my parents hadn't come yet, I hired a taxi and proceeded to look around. Upon reaching Chapen's Hill, I saw a mansion second only to the White House. You can't imagine my surprise when the taxi driver Egbert Kammermann, son of Clarence Kammermann and Lila Clark Kammermann, told me it belonged to James and Twinkle Bruehl. Egbert told me that the reason for their great wealth was that "Jim" had found a Uranium vein while digging up a flower garden. He also said that they had two children, Bobby and Morrissa, and were very happy in their luxurious home. Perhaps, I thought, I should have stayed in Saybrook if all my other classmates had done so well here, but alas—tis fate!

By Ardeth Kinsell

ARDETH KINSELL

In the year 1959 while walking down the street in the city of Reno, Nevada, I saw a familiar figure on the other side. Crossing, I found it to be Ardeth Kinsell one of my old classmates of '47. She invited me home to dine with her.

It seems as if Ardeth had stayed in Saybrook, working at Bert McNeilly's Grocery Store for five years. She and Jack got along very well and after a sweet courtship they were married and lived happily. That is until Don Tipsord, Ardeth's high school flame came along and Ardeth invited him to dinner—much to Jack's displeasure. But when Don arrived everything went smooth. This occurred often till one day Ardeth divorced Jack and married Don. About six months later, Don left her. Ardeth, now downhearted and listless, turned to evil ways and got in with bad company. After being tried for a big bank robbery and proven innocent, she had gone to Reno to start life anew. She now has a nice job after all her hardships.

BUELLAH VAN NOTE

Well, here it is the year 1957, and who should I meet in the beautiful state of Arizona but Buellah VanNote, my old classmate from S. C. H. S. Dear reader for your benefit, S. C. H. S. means Saybrook Community High School. How did I come to meet Buellah away out there? Well, listen; here's how:

After graduating I became a traveling salesman because I was disgusted with life. It was at a roping contest that I first saw Buellah. You see, she was one of the contestants. She won the prize of \$200 for roping and hog-tying the quickest. Rope and ride? Why, that gal would even make Roy Rogers ashamed of himself. After the contest, Buellah invited me to her ranch for supper. When supper was finished she told me the following story of her life:

She said she had worked in the Nickrent-Kingsley station for 2 years when Tom and she decided to get married and go west. They bought a 1,000 acre ranch in Arizona with Tom's army pay.

Then one day something terrible happened. It was in the spring and Tom was out with the cowboys on spring roundup. The cattle stampeded and Tom was trampled to death. Buellah began crying and even I got a lump in my throat.

Being able to stand it no longer, I said good-bye and rode away, never once looking back.

By Clarence Kammermann

CARL WILLIAMS

After Carl graduated from S. C. H. S. in '47 he began work at the bean plant at Gibson City. Carl never bothered the girls very much because of his loss of Buellah Van Note in early high school days but one night he got drunk and his girl career began. The boys called him "Phony". He left Saybrook and started for Arizona. There he started a factory known as "Gobblers." He became famous for his fireworks. At the age of 34 Carl married a pretty little dark-eyed, Mexican gal. Her jabbering all the time made Carl nervous so he got a divorce. She wouldn't accept a divorce unless he signed over the factory to her and he did it just to get rid of her. He then returned to dear old Saybrook. There is where I ran into him and got this story of his life. We talked a while longer discussing what each had done. I saw him off on the evening train since there wasn't anything for him to do here. The next morning I read these headlines in the paper "Carl Williams, the Great Fire-Works Inventor, Dies in Train Crash." This was very shocking to me, but I am glad I got to see him and find out what he had been doing since we graduated.

By Don Tipsord

RUSSELL VANSCHOYOC

As I was walking down the streets of London in 1970, I saw a face that looked very familiar to me. As we came closer to one another I decided it was an old classmate of mine by the name of Russell VanSchoyoc. We stopped and talked for awhile, then he asked me to his home for lunch.

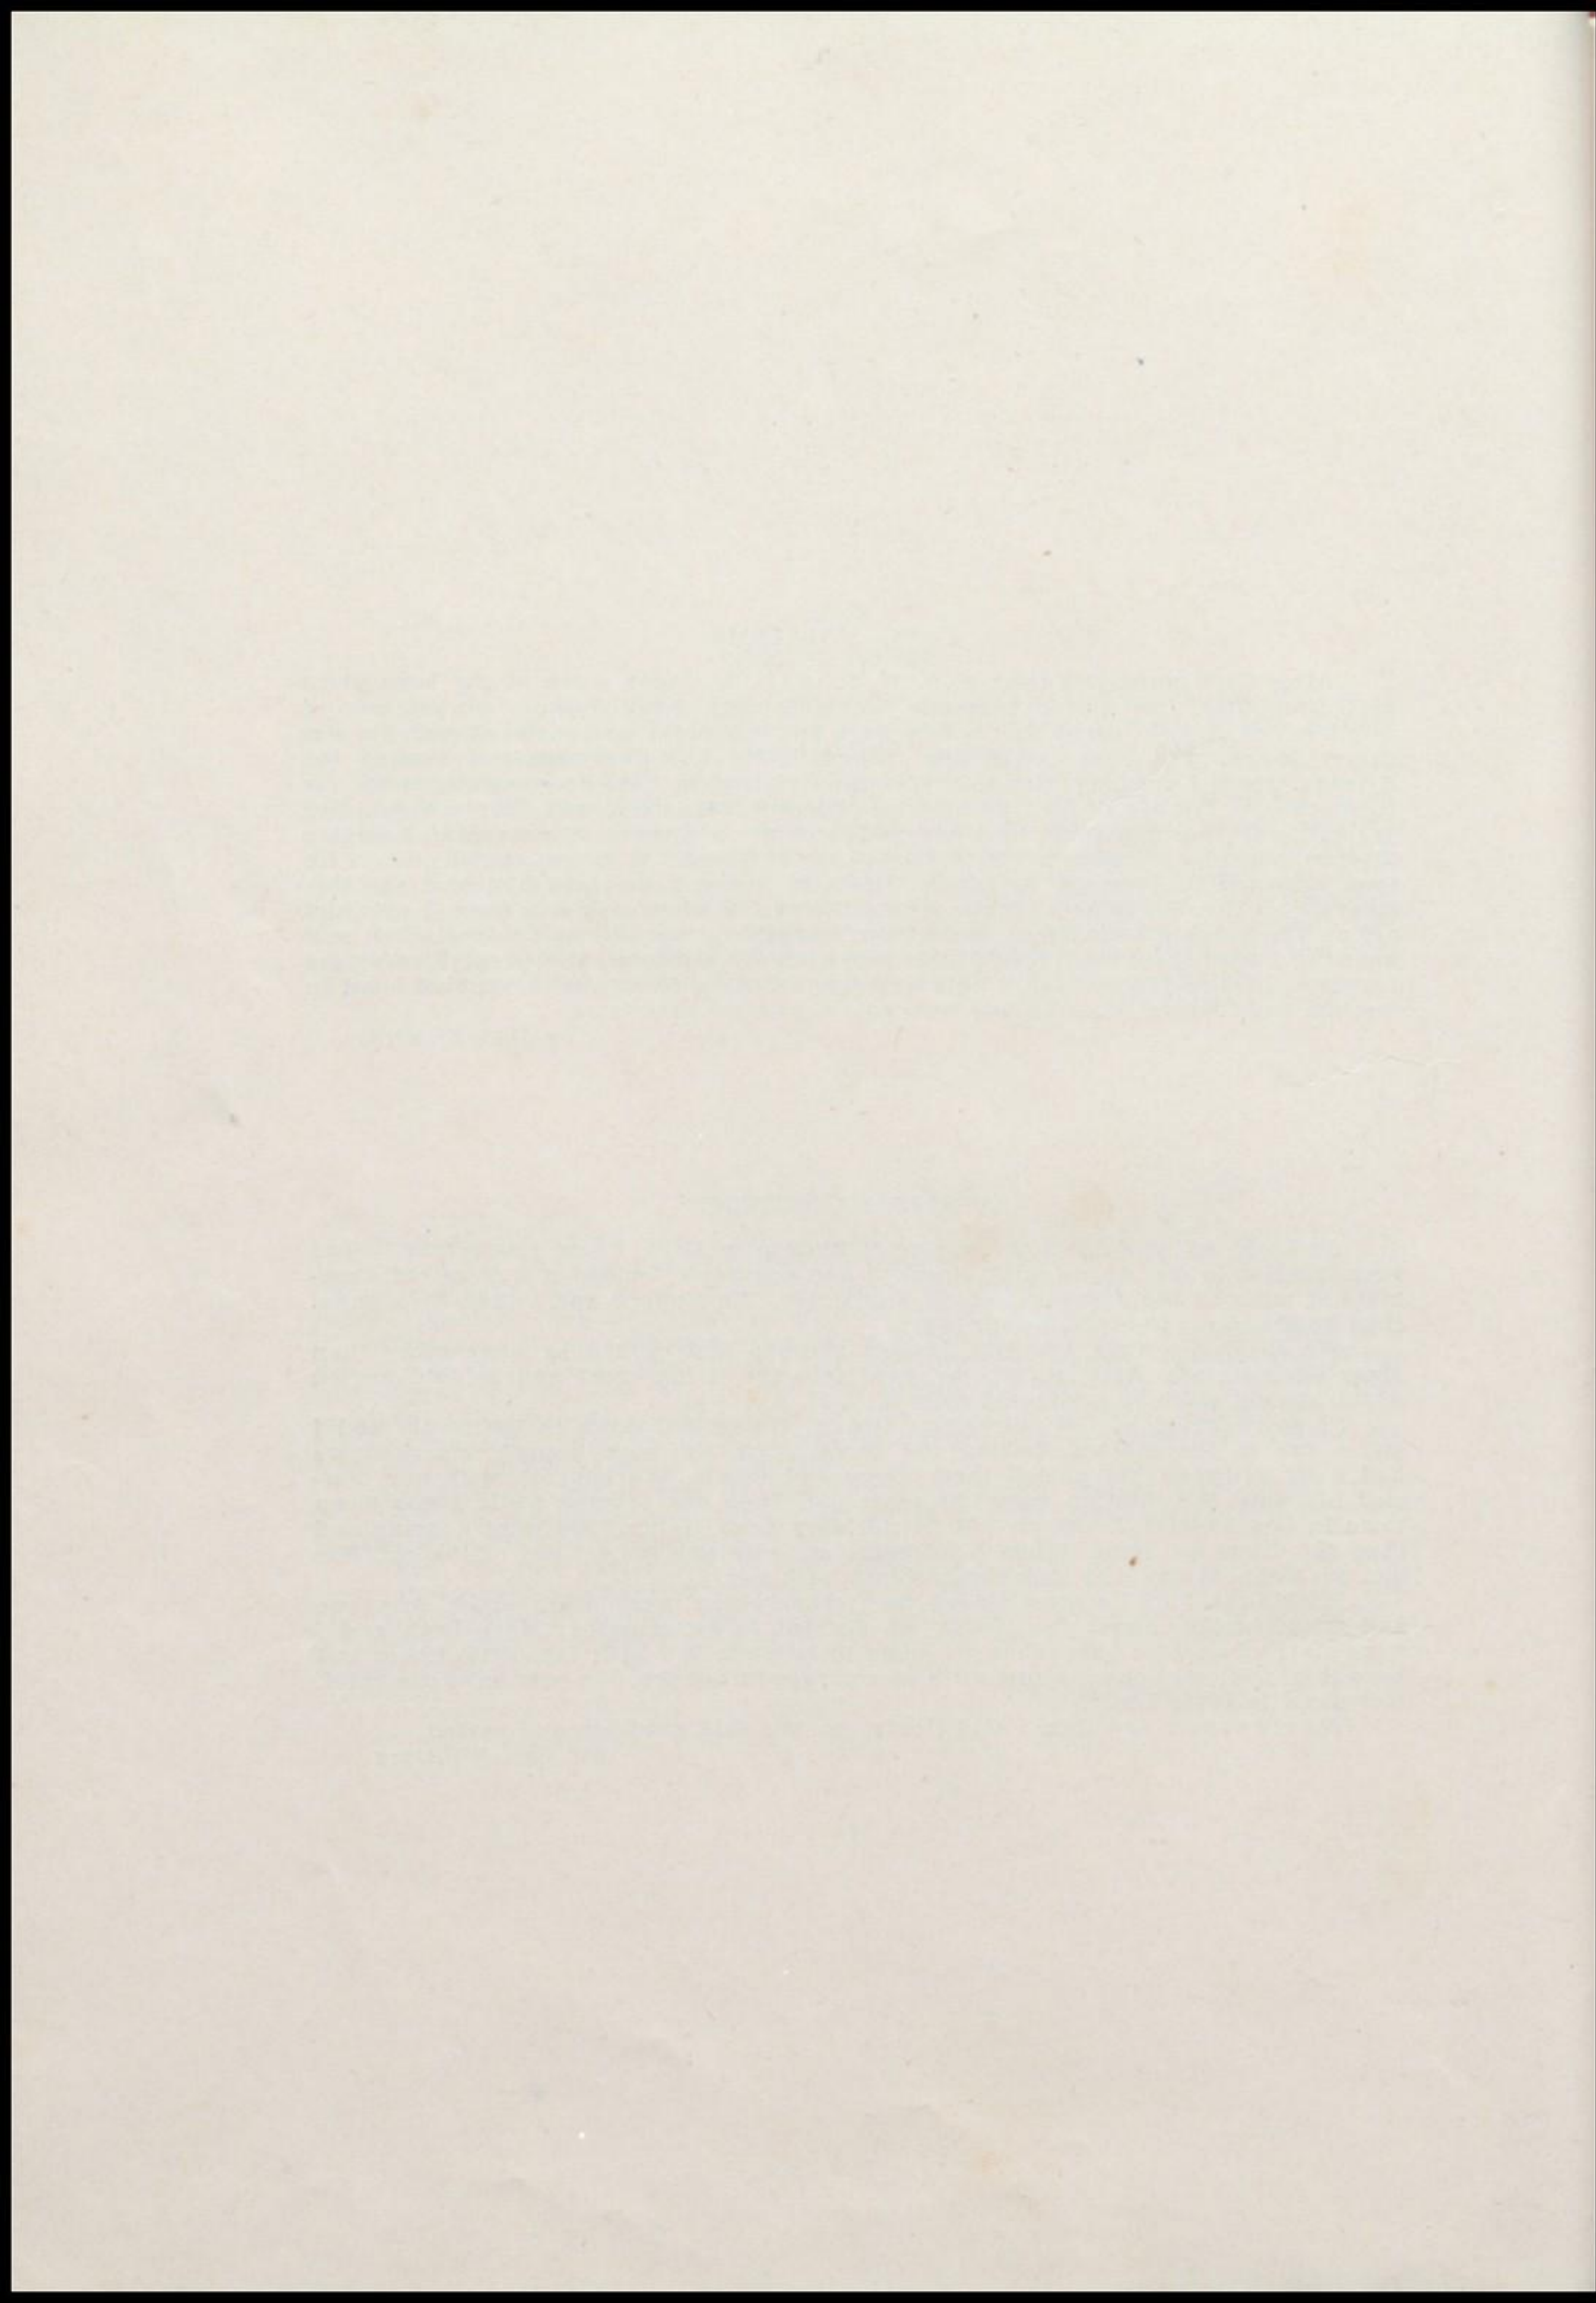

We enjoyed a very delicious supper, planned and cooked by none other than Mary Leah Haines. After supper we went into the living room and he told me all about himself since he graduated from S. C. H. S.

"I got married in 1965 to Norma Denny. We settled down in California and I got a job in the movies. During the three years we were happily married, we had a set of twins. We named them Vicky and Dickie. We kept on with our married life until the children were two years old. Then one evening while I was down town in Los Angeles, I met my old friend Mary Leah Haines. We went dancing and then she drove me home. When I got home my wife saw me get out of the car. She left me the next day and took the children with her.

Mary Leah and I started seeing each other about every other night. After we had gone together about two weeks, we decided to get married; Mary Leah and I were married about a year when we came to London. We built this little house and have lived in it ever since. I now work at a garage in London. We now have one child. Her name is Dixie Lee."

We ate supper and then I said I must go. We said good-bye and parted.

CLASSES

Junior Class

Front Row: L. to R.; Donald Gibbens, Betty Thom, Charles Lewis, Clara Bruehl, Jack McNeilly, Darrell Leigh, mascot (standing), Dwane Pruitt, Dick Evans, Gayle Bane. Middle Row: L. to R.; Doris Williams, Lila Clark, Marjorie Koopman, Lorraine Kammermann, Dorothy Fear, Mary Ann Wills, Mr. Leigh, advisor. Back Row: L. to R.; Floyd Fasking, Arnold Siems, Helen Hiendselman, Marjorie Grant, Marilyn Hubert, Loren Sears, Bud Hudson. Ila Jean Lamb was not present when the picture was taken.

CLASS HISTORY

Well, here it is another year to write history. We of the Junior class certainly cannot get used to the fact that we have only one more year to go.

First, we want to welcome a new member to the Junior class, Floyd Fasking. And we wish Dorothy (Fear) Lewis much luck in her new life. Last year we had a new member for one semester, Robert Robinson. We have 21 members this year, the largest class in school and we hope we have all of them when we graduate.

We received our rings in January, and we are very proud of them. Some of the Juniors got them with sets.

Our carnival was a hot success. We cleared over two hundred dollars. Everybody had something to do and was kept busy. Of course, we were all relieved when it was over.

The Junior and Senior banquet was on May 9. The Freshmen girls served; they were dressed like Indians. They were barefooted and wore short skirts and blouses cut jagged on the bottom and around the sleeves. They also wore a feather in their hair and a head band around their heads. We kept the menu with the Indian theme. Some of our mothers cooked the food. We hired extra help with the dishes. Everyone enjoyed it, and we wish more could have been there.

The Juniors have had several parties this year, and we hope to have many more next year. We are sorry to lose our sponser, Mr. Leigh, and we want to wish him luck in his future years.

Can You Imagine?

1. Loren Sears getting to school on time?
2. Bud Hudson not contributing to class discussion?—Every class?
3. Ila Lamb keeping both feet on the floor at a basketball game?
4. Floyd Fasking getting to Sociology within five minutes after the bell?
5. Mary Lou Ball a tap dancing star?
6. Bob Moore turning a perfect summersault?
7. The Seniors swiping watermelons?
8. Margie Grant getting her bookkeeping correct—without Don Gibbens help?
9. Anyone being able to hear the assembly clock tick?
10. Mr. Leigh with a 1947 convertible?
11. Gerald Cozad being mistaken for his twin brother Darrell—or vice versa?
12. Marilyn Hubert saying, "The road to a friend's house is never long—just Miles!"
13. Charley Lewis hurting someone?
14. The cheerleaders turning a perfect handspring and lighting on their feet?

CLASS HISTORY

In the fall of 1946 sixteen Freshmen entered S. C. H. S. and enjoyed quite a successful year. We had a taffy pull which kept us out rather late. This, however, was because of the taffy Miss Rote let scorch.

This year we added a new member to our class, he being Bob Moore, formerly a student of Anchor High School.

Jim Kinsell, Gerald Cozad, Eldon Stauffer and Junior Hale all went out for basketball. Jim and Eldon made the team. Gerald Cozad and Junior Hale worked faithfully as "subs."

Our officers for this year are as follows: President, Eldon Stauffer; vice-president, Robert Moore; secretary, Jim Kinsell; treasurer, Gordon Hasty; student council, Mary Lou Ball and Bernadine Morefield.

We have enjoyed our two years in S. C. H. S., and we are sure the next two will be even more enjoyable.

CLASS HISTORY

We have twenty members of the Freshman class at the present time. Eugene Roth is president; Lyle Anderson, vice-president; Barbara Barber, secretary; Dixie Crotinger, treasurer. Mr. Keyser is our class advisor.

There were several boys who went out for basketball. They are Myron Evans, Darwin Zachay, Eugene Roth and Jerrell Roberts.

Several of the Freshman boys were in the Freshman-Sophomore Tournament at Colfax. They were Myron Evans, Eugene Roth, Darwin Zachay, Jerrell Roberts and Don Martin. Saybrook won third place.

One member of our class, Barbara Barber, was in the Senior play.

Our class had a chili supper one night. Mrs. Keyser made the chili with the girls help. After the supper we played volley ball. We are now planning a weiner roast.

The Freshman girls participated in the Home Ec. style show. Norma Denny and Roberta Schertz sang.

The members of the Freshman class like high school very much.

Our school paper, more prominently known as the Spotlight, is a monthly publication.

We endeavor to have nine or ten pages of material in each paper, to have a front picture appropriate to the date of circulation, curricular and social news, and of course, "the snooper".

This year Mr. Anderson has allowed the typing class time to work on the paper. It is excellent preparation in accuracy, variation of wording, and also is great fun for all concerned.

We are not required to pay for our papers this year. The school furnished the materials in return for our co-operation and enthusiasm.

Ardeth Kinsell has been Editor for the year 1946-'47 and Lorraine Kammerman, her assistant.

INSIDE DOPE

The Totem Staff was organized for the year 1946-47 in September of this school year. Work was begun almost immediately. Everyone was enthusiastic as the plans sounded very good and we were very ambitious to put out a splendid and thoroughly interesting book.

Velna Nickrent served as Editor until she was married to John Adcock and took up the job of housekeeping; whereupon Lorraine Kammermann, her able assistant, took over the duties of the Editor in Chief. Both did the work very well and kept everyone concerned busy on his or her particular phase of the "Totem."

Advertisements were secured from Saybrook, Bellflower, Gibson, Colfax, Bloomington, and numerous other towns. Mr. Anderson, quite helpfully, excused the boys from their classes on several occasions when it was necessary to approach the businessmen in ours, and surrounding communities, on the subject of ads for the yearbook. The more advertising, the less the cost of the book to the students or the buyer, whoever he may be.

Art Photo came out and took the various group pictures early in February. The individual Senior pictures are by Corrinne. Everyone was well pleased with the photographs which were taken this year—It couldn't possibly be because they flattered, either.

We have orders for approximately 100 books. The preparation has meant a great amount of hard work, but we feel sure that the finished product, our 1946-'47 Totem, is well worth it.

"OLD YEARBOOK"

Only the heart remembers, the credulous heart
Turns over each torn, each fragmentary leaf,
Where hastily scribbled thoughts break off and start,
To the last word commemorative, brief.
Here where the years have left the meaning blurred
And flower-stained pages can no longer close,
Nothing remains, only the sepulchered
Tear marks of time, the specter of a rose.
But to that heart the words are clearly written
Each legend locked securely in its season;
Here are the winds of summer, the frostbitten,
Cold taste of winter, and spring's sweet unreason—
All the dear dead and gone, the beautiful ways
Of youth, in lost and unbelievable days.

Student Council

THROUGHOUT THE YEAR

The Student Council was elected early in the year. Donald Tipsord was installed as President of our student governing body.

Miss Harper attends these meetings in an advisory capacity. Throughout most of her teaching career at Saybrook High School, Miss Harper has been connected with this organization. She has been an extremely capable and understanding helper.

The Student Council sponsored the all school Christmas party of December 20th. This party proved to be a huge success due to their efforts.

This organization held a Chili Supper—which had an all out attendance of members and the faculty. The supper was held at the home of Miss Harper. After eating, many interesting games were played. Next night a basketball game was scheduled; therefore the party had to be broken up rather early.

The officers of the year were as follows: Donald Tipsord, President; Mary Ann Wills, Vice-President; Dick Evans, Secretary; and James Johnson, Treasurer; Miss Harper, Advisor.

Library Staff

The Library is under the supervision of Miss Geneva Harper, our beloved English teacher, who knows and understands each book.

Twinkle Campbell held the position of Head-Librarian throughout the year. The staff was composed of the Senior class.

During the year we have added approximately 75 new volumes including both biography and fiction.

The Staff and Advisor, assisted by Nellie Campbell, partook of a spaghetti dinner late in 1946. This comes under the head of library luncheons, which in the past, were quite frequent.

When one fails to turn his book in on time, he is fined one-cent for each day he is lax. This is to teach promptness and thoughtfulness of others who might be interested in reading the particular volume he has checked out and failed to read in the allotted time.

Several of the books we added are as follows: "A Lantern in Her Hand", "The Haunted Book Shop", "Tuning in at Lincoln High", "The Count of Monte Christo", "Roxana Rampant", "Oliver Twist", "Cimarron", "Iceland Fisherman", "Gold," "Dude Rancher," "The Grand Coulee Mystery", "Captain Paul", "John Brown," "His Story of His Life's Adventure", "Fun of It", "Twelve Daughters of Democracy", "Gentle Julia," and "Freedom's Daughter".

EVENTS

Mr. Batty, a resident of Bloomington, came to S. C. H. S. every Wednesday throughout the year and taught music to those who were interested.

There were classes in Boys' Chorus, Girls' Chorus, Instrument, and individual lessons in voice.

The Girls' Chorus participated in the Christmas Music Festival at Colfax. Marilyn Hubert sang, as a solo, "Silent Night." We were all very proud as Marilyn sang that she was a student of our own Saybrook High School.

We will also go to Normal to the County Music Festival this spring and send contestants to the Tri-Valley Meet held at Bellflower.

Everyone has enjoyed music this year and we hope that it will be continued in our school in the years to come.

EVENTS

This year got our boys' chorus off to a good start with Mr. Batty as our instructor. Four of the boys are going to participate in the county festival at Normal on April 23rd. They are Charley Lewis, Eldon Stauffer, Jack McNeilly, and Clarence Kammermann, but Clarence had to stay at school for dress rehearsal of the Senior Play.

On April 30th the Tri-Valley Literary and Music Meet was held at Saybrook. The Literary contest was in the afternoon and the Music Contest at night. Eldon Stauffer won third place in the boys' class. He sang "I Heard a Forrest Praying". Our boys' quartet, Charley Lewis, Eldon Stauffer, Jack McNeilly, and Clarence Kammermann won first place in the boys' ensemble group. Everyone was very happy as this was our first time to enter a contest. This year we didn't have any contestants in the literary contest.

Several of the boys have participated in assembly programs. We are very pleased with the results of this year's chorus.

WHYS AND WHEREFORES

The Saybrook Chapter of F. H. A. initiated the Freshmen girls into the club in an impressive candlelight service, where each girl was presented her pin, and a red rose; this made the enrollment for this year 27.

Since the officers of last year were not around, the Arrowsmith F. H. A. were our guests one evening for Potluck supper after which they installed our officers this year.

At Christmas time we entertained our Mothers with a party, program, tea and style show. The girls of Home Ec I and II modeled the garments they made in Home Ec. Santa Claus was there to pass out gifts, and punch and dainty sandwiches were served. The program consisted of a solo, reading, duet, Mirimba selections and the club chorus.

Each girl had a secret sister to whom she sent notes and Valentines, revealing her identity at the Heart Sister Party.

At Halloween we entertained the F. F. A. with a party. Games, dancing and refreshments in the spooky atmosphere provided the setting for the evening.

F. H. A. and F. F. A. were co-sponsors of the Christmas Formal Dance. It was the first of its kind ever to be held and was extremely successful, both financially and socially.

Many of the girls are seen wearing the F. H. A. emblem on T-shirts or in the form of the silver or gold pin.

The Home Ec II class earned \$10 for F. H. A. by serving a dinner to the Faculty, Board Members, and their wives. That will be used to buy a gavel and pay half the expenses to send a girl to represent us at Club Camp. The Club Camp is located at Lake Bloomington.

"OUR CREED"

We are the future homemakers of America.
 We face the future with warm courage, and high hope
 For we have the clear consciousness of seeking
 Old and precious values.

 Homes where living will be the expression of everything that is good and fair,
 Homes where truth and love and security and faith will be realities. Not dreams.
 We are Future Homemakers of America
 We face the future with warm courage and high hope.

"ALMOST SUMMER"

What a story! And don't we know, for it's all about kids like us. Yes, "Almost Summer", deals with the life of Paul Jones, an average student, who wants to go to the lake for the summer and is told by his hardboiled principal, Smudgely, that he must study or the University will never accept him.

Paul's girl, Jane, is going and so is a handsome rival, Kramer; consequently Paul is frantic and works hard to pass his history exams. His friend and sister Mary's boyfriend, Jack, steals the exam answers and Paul is accused.

Little brother, Jr., who hates girls, winds up immeshed with a little frill named Lilah.

Paul is exonerated of theft. He and Jane make up and dreams of the summer progress rapidly. As usual—All ends happily.

First Row: Loren Sears, Mr. Keyser, Cecil Hudson, Reporter; Jack McNeilly Secretary; James Kinsell, Vice-Pres.; Gayle Bane, Treasurer; and Eldon Stauffer, President.

This year the F. F. A. has been an extremely busy organization. Under the direction of Mr. Willis Keyser, the Ag. teacher, the boys have progressed rapidly, in both interest and hard work.

Planned is a Junior dairy improvement association whose members will consist of those in F. F. A. The purpose will be to test and weigh milk from each cow in the association monthly. This will determine her yearly production. By doing this, only the best cows will be kept in the herd, and a balanced ration can be fed each cow.

This testing service may be extended to all dairy men in the community, as several farmers have indicated their desire to join our Dairy Improvement Association.

We are waging a war on pests. The ultimate goal is 1000 pests completely destroyed.

A hayride was held early in the year, to which we invited F.H.A. girls and the faculty. All had an enjoyable time—even if the tractor did run out of gas.

Basketball Squad

First Row: Charles Lewis, Dick Evans, Jack McNeilly, Dwane Pruitt, Jim Kinsell, Darrel Cozad. Second Row: Mr. Leigh, coach, Myron Evans, Eugene Roth, Carl Williams, Donald Gibbens, Junior Hale, Gerald Cozad, Gayle Bane, manager. Third Row: Jerrel Roberts, Darwin Zachay, Donald Tipsord, Eldon Stauffer, Milford Gibbens, Cecil Hudson.

The basketball season of 1946-47 opened with the usual enthusiasm accompanying that season of the year. The new coach built up the morale of the boys on the team, inspiring them to go into each game determined to win. The boys are to be commended on placing second in the District Tournament, although no trophy was given. The Freshmen-Sophomore team brought home the only trophy of the year from the tournament at Colfax. Out of the 26 games played this year the team won 16, and the ten lost were all fought for even if we did loose.

Starting Five

Left to Right: James Kinsell, Richard Evans, Dwane Pruitt, John McNeilly, Charles Lewis

These boys made a fine showing this year for their school. The main disadvantage of the team this year was that they lacked height against larger teams. They tried to be more accurate on their shots because of their lack of rebounding power. The first team is made up of Junior and Sophomore boys.

Richard Evans was elected by the basketball squad as the permanent Captain for the year. He was a very good floor man and he could also make a good percent of his shots as well. He played a guard position on the team.

John McNeilly played as the other guard and was also very accurate on his shots from out in front of the basket as well as a good floor man.

Dwane Pruitt played the center position very well for the year. He was a good rebounder and he would really fight for the ball under both baskets if we were winning or losing.

Charles Lewis was one of the forwards for the very successful team this year. He was a very accurate shot from the side of the basket. He was the smallest boy on the team but he was still a good showing for the team.

James Kinsell was the only under classman to play on the first team. He was also high point man for the team this year. He was a very accurate shot from any corner of the floor.

Senior Basketball Boys

Left to right: Donald Tipsord, Carl Williams, Darrel Cozad.

These boys played good ball for both teams this year. We are sorry to lose these very fine ball players leaving our school. Each one of the boys made a hundred points or more.

Donald Tipsord substituted for the first team as forward or guard. He played ball on the second team every game.

Carl Williams played center position on the second team and substituted as center on the first team.

Darrel Cozad substituted for the first team most of the time. It was very seldom that he ever played on the second team.

Cheerleaders

Left to Right: Patsy Savage, Barbara Barber, Clara Bruehl

The cheerleaders have done very well this year by leading their team on to victory. It makes no difference to cheerleaders, win or lose, they're still in there cheering for their team to win, and ours are no exception.

Patsy, Barbara and Clara clad in the school colors, red and white, have gone to three tournaments in which their team has placed in two of them. The freshman-sophomore won third in the freshman-sophomore tournament at Colfax. The first team won second in the District Tournament at Sibley. The cheerleaders did some real yelling at the championship game at Sibley. I think we should be very proud of the cheerleaders for helping to keep up the morale of the team.

Baseball

First Row: Richard Evans, Donald Tipsord, John McNeilly, James Kinsell, Eldon Stauffer, Charles Lewis. Second Row: Mr. Leigh, coach, Darwin Zachay, Dwane Pruitt, Carl Williams, Donald Gibbens, Myron Evans, Darrel Cozad, Jerrel Roberts.

The baseball team didn't do very well by winning only 2 out of 6 games. The team was very weak because of the lack of hitting power and experience. Although we did have one boy, Richard Evans, that hit an average of 500 for the season.

WON

Saybrook 11	Towanda 9, at Towanda.

Boys' Sports

Girls' Physical Education and Health

Physical Education classes met two days a week; health class each Friday throughout the year.

Physical Education was thoroughly enjoyed by all those who participated in the various activities such as, basketball, baseball, volley-ball, dancing, hiking, tumbling, and numerous games.

Several of the girls tumbled frequently. Dixie Crotinger, Barbara Barber, Patsy Savage, Roberta Schertz, and Clara Bruehl, put on an exhibition during an assembly program. Margaret Hale and Leota Davis were also interested in tumbling and practiced with the girls several times. There were no serious mishaps such as a fallen pyramid or sprained side bend. Everyone enjoyed the exhibition immensely.

In Health each person learned the parts of the skeleton, studied human relations, practiced first-aid procedure, did research as to the causes and effects of communicable diseases, and entered into general discussion.

Jokes

Miss Sutter: Are you a man who thinks for himself?

Mr. Keyser: No, I'm married.

Gayle Bane said: "If you refuse me, I shall die." She refused him. Sixty years later he died.

Clara Bruehl: Charlie Lewis is just like a piece of lace.

Doris Williams: How so?

Clara Bruehl: You usually find him around a skirt.

Ardeth Kinsell: You remind me of the sea.

Don Tipsord: Why, because I am so wild, restless, and romantic.

Ardeth Kinsell: No, because you make me sick.

Willard Tipsord: Do you think I need a hair cut?

Anna Mae Zachay: Do you? I thought you were wearing a fur cap.

Dwane Pruitt: Since I met you I can't eat, I can't sleep and I can't drink.

Mary Ann Wills: Why not?

Dwane Pruitt: I'm broke.

Margaret Hale: When a woman is told a secret she promises to tell everybody not to tell anybody.

Miss Harper: "Girls, it isn't the kind of lipstick you like; it is the kind the boys like, that you should use.

Mary Lou Ball: I don't like these photographs at all. I look like an ape.

Eldon Stauffer: You should have thought of that before you had the picture taken.

Coach Leigh: (To players) Now boys remember that basketball develops individuality, initiative, and leadership. Now get out there and do as I tell you.

Mr. Batty: "There are two boys outside who want passes to the game. They say they are friends of the umpire"? Shall I let them have passes?

Mr. Anderson: "Certainly not! No umpire has two friends."

Twinkle Campbell: Hey Leota, What's that you have in your hand?

Leota: That's a new testament.

Twinkle: New? Your'e trying to kid me. The corner's all torn, and half the pages are out.

Carl Williams: Ray, where would you look for the Bill of Rights?

Ray Schertz: In the Bible.
